### **LexVegFest 2017 Sponsorship Levels**

LexVegFest is a one-day open to the public event organized by GA Sanctuaries and a group of volunteers to celebrate and promote a plant-based lifestyle for health, environment, and animal welfare. Of the top 10 causes of death in our country, 9 can potentially be prevented, reversed, or improved by eating a healthier plant-based diet. This list includes heart disease, cancer, stroke, and diabetes. LexVegFest encourages people to eat more plants in a friendly supportive environment.

The first LexVegFest took place on October 1, 2016 at Housewarmings in Lexington, KY. Local speakers, delicious food, vendors, cooking demonstrations, informative exhibitors, children's activities, yoga, and music were part of the event. Over 1000 people attended LexVegFest 2016. Most vendors either sold out or nearly sold out. Dr. Debora Tallio, our keynote speaker, held an audience so captivated that after her presentation, she was invited to speak at a number of other events about the benefits of the whole foods plant-based diet. We would like to invite you to join us for the LexVegFest 2017. This year we are expecting an even bigger attendance, more vendors and speakers.

#### **Levels of Sponsorship:**

Level	Contribution	Benefits
Seed	\$500	Table space in high traffic area Logo listed on the site and event program
Sprout	\$1000	Seed benefits plus Logo listed on the flyer and banner Promotion on Social Media
